A Unique Business Culture Within an Academic Organization

## Addressing Critical Global Issues Through...

Practical, Entrepreneurial Research, Development, Technology Demonstration, and Technology Commercialization

## Global Partnerships...

Since 1987, the EERC has had more than 875 clients in 47 countries and all 50 states. Over 80% of our clients are in the private sector.

## Multidisciplinary Staff

The EERC supports more than 280 employees representing over 90 different disciplines.

## Strategic Centers of Excellence

The EERC's ten Centers of Excellence include:

- Coal Utilization Technologies Center
- Emission Control Technologies Center
- National Center for Hydrogen Technology
- Center for Air Toxic Metals® (CATM®)
- Center for Biomass Utilization® (CBU®)
- Water Management Center
- National Alternative Fuels Laboratory® (NAFL®)
- Wind Energy Resources Center
- Supercritical and Subcritical Extraction Technologies Center
- Coal Ash Research Center

## The Plains CO<sub>2</sub> Reduction Partnership

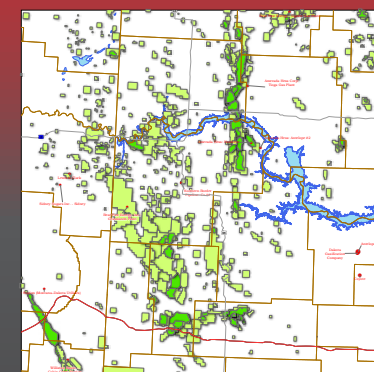

# North Dakota Petroleum Council

"We Keep North Dakota Going Strong"

## North Dakota's Oil and Gas Industry

North Dakota is home to the largest oil discovery in the lower 48 states in 30 years and is now the ninth largest oil-producing state. The North Dakota oil and gas industry:

- Produces more than 100,000 barrels of oil a day (2005).
- Has 3800 producing wells statewide.
- Contributes \$100 million a year in state tax revenues.
